- Steel Cans (no lids)
- Clear, Brown, Green Glass
- Aluminum Cans

Motor Oil & Oil Filter & Battery Recycling

Residents living in Port Charlotte, unincorporated Punta Gorda, and Englewood can recycle their used oil filters along with their used motor oil and automotive batteries.

Motor Oil - Put motor oil in a clean, transparent plastic gallon container with screw cap and place at the curb on your regular garbage/recycling/yard trimmings day. **DO NOT place in trash container.**

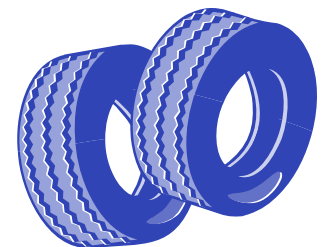

Oil Filters - Place your drained oil filter in a clear plastic newspaper sleeve or in a ziploc bag at the curb on your regular garbage/recycling/yard trimmings day.

Batteries - Place car or truck batteries at the curb on your regular garbage/recycling/yard trimmings day.

Tires

Residents in unincorporated Charlotte County can recycle six (6) passenger tires (with or without rims) per year, curbside on their garbage/recycling/yard trimmings day.

Charlotte County Solid Waste Programs

Garbage: Garbage is collected **once** a week. All household garbage must be placed in plastic bags and then placed in the garbage cart. Please keep toys, bikes, and other “keepers” away from the curb on collection days. That way they will not be “trashed” by mistake.

Curbside Yard Trimmings: You can place your yard trimmings either loose in a standard garbage can, paper lawn/leaf bag, or you can bundle them. The cans or bundles cannot weigh more than 40 pounds each. Limbs cannot be more than six (6) feet in length and ten (10) inches in diameter. Yard trimmings will NOT be picked up at the curb in plastic bags.

Bulky Item Pick-Up: Waste Management provides two (2) *no-charge* curbside collections of unbundled yard trimmings, refuse, or bulky items per year from each residential unit (does not include disaster related clean up or construction and demolition debris from renovation or home improvement). Residents should notify Waste Management at 629-1106 or toll-free (877) 567-2974 to request this service. Each pick up should not exceed ten (10) cubic yards.

Whitegoods Program (stoves, washers, household furnishings, and bedding): Single-family residents can dispose of old furniture and appliances at no extra charge. Place items at the curb and the route drivers will notify Waste Management to schedule service. NOTE: Remove doors from refrigerators and dishwashers. These items will be picked up four (4) times per year at no charge - no call to Waste Management is necessary.

Waste Tire Collection: Six (6) residential tires per year can be picked up curbside, with or without rims. ONLY passenger or light truck tires will be accepted.

Used Motor Oil & Oil Filter Collection: Place used motor oil in a clean, clear plastic gallon container with screw cap. Put the drained oil filter in a clear plastic newspaper sleeve or in a ziplock bag.

Household Hazardous Waste & Sharps: Charlotte County has two (2) Mini Transfer & Recycling Facilities located in Murdock and Englewood. *Examples: hypodermic needles, paint, pesticides, antifreeze, gasoline, lawn and pool chemicals, and rechargeable batteries.*

These facilities are for **Charlotte County residents only**. NO Business Waste will be accepted.

Murdock

Mid-County Mini-Transfer & Recycling Facility
19675 Kenilworth Boulevard, Murdock, FL
Hours are Tuesday-Saturday (9:00am- 4:00pm)
