

What Is The S.M.A.R.T. Program?

- The **S.M.A.R.T. Program** identifies common driver errors which aids drivers in understand things that affect their driving
- The **S.M.A.R.T** program uses vehicle “check points” to give drivers a quick review of how they can use common features and functions on their vehicles to make their driving more comfortable and enjoyable.
- Comprehensive talks for groups are also available, so that drivers can gain more detailed insights into their driving habits.

A Vehicle Safety Program

Designed To
Help YOU Drive
YOUR Best!

What Is The Purpose of the S.M.A.R.T. Program?

- Do you know how far away you should position your vehicle seat away from the steering wheel?
- Do you know that your vehicle seat may have the option to tilt up and down?
- Do you know the proper way to wear your seatbelt?
- Are your side and rearview mirrors adjusted properly?
- Are you aware of what can effect or distract your driving?
- Do you know how your front and side airbags really work to protect you?

People are in their vehicles often, either commuting to work or school, picking up or dropping off family members, or just running errands. With this much time in the car, don't you want to make sure that you and your loved ones are doing everything possible to stay safe by using the safety features that your car is equipped with?
